

OPTIONAL: STUDENT PLACEMENT INTERVIEW
~A MID AND/OR POST INTERVIEW GUIDE~
Sun Country Health Region, IPCP&LE Initiative

Dear Team Member:

Please take a few minutes to thoughtfully answer these questions in regard to your interprofessional placement.

1. Describe a single experience, an enlightening moment that allowed you to improve your comprehension of interprofessional work and the role of another professional (a role that you didn't know before the placement).

2. Describe a single experience, an enlightening moment that allowed you to apply interprofessional work with a client. Specify how the interprofessional intervention (instead of isolated interventions from 2 different professionals) could have made a difference for the client.

3. What surprised you most about this placement?

a) Regarding any given situation

b) Regarding another profession?

4. Can you describe a situation that made you think differently about your practice and/or profession?

5. Can you describe a situation that made you change the way you work and describe that change?

THANK YOU FOR YOUR VALUABLE INPUT!
